**Piyush Vashisht Sir**

# Introduction

2021 has been a big year for crypto currency. Bitcoin set a new all-time highest price and major companies and new investors are showing their interest in it, keeping that in mind.

This mini project is going to be a website that scraps live data and prices of top crypto currencies right now that are there in the market and represents it in brief, including their prices at specific times of the day, a chart that shows history of prices and everything you need to know.

# **EXISTING SYSTEM**

In contemporary phase our Project is headed by our Mentor Piyush Vashisht Sir. He is providing us with all the prominent substantial advice and direction for culmination of our Blog project .He is periodically updating us all the necessary guidelines and we accept the work to be done till the very end of November.

# Use of the project

This project helps the users to know the current prices, stats and their history of prices of the top crypto currencies in the market right now with a user friendly and visually appealing interface.

It will have all the features that a user needs to use to know about his currency

# **Software specifications**

**Technology Implemented:**

- **Language Used: HTML, CSS, JavaScript**
- **Web Browser: Edge/Firefox/Chrome**

## **Hardware Specifications**

- **Processor : Intel Pentium 4 or late**
- **Operating System: Windows 8 or later**
- **RAM: 2 GB minimum, 4 GB**

**recommended**

- **Display: 1280x1024 or large**

# Future Scope

This website will be used for users who want to check live prices and stats about top crypto currencies at that moment.

Considering there are major investors right now showing their interest in this area this website has a huge scope of succeeding.
